

FRONT & SIDE HEAVY DUTY PRINTER

SERIES
70
DATA SHEET

Heavy duty printer for precisely located coding on the leading edge of front and side panels of cases traveling on a conveyor.

Features & General Specifications

- Imprints on front panel of carton starting at center and then follows the contour of case and imprints on side panel.
- Minimum acceptable case size is 8" long x 3" high (203.20 mm x 76.20 mm).
- Minimum case weight is 20 lbs. (9kg).
- Exclusive index print wheel assures precise imprint on front and side of case.
- Rubber bearers create positive traction of print wheel on case surface.
- Mounting bracket is adjustable to any case level.
- Dalemark's quick, snap-on "Inca-Roi" pre-inked disposable rollers are available in many colors. "SRR" rollers are also available.
- Double shielded ballbearings for long life.
- Inca-Roi to print wheel contact surface is self-adjusting.
- All parts are heavy duty and precision machined.
- Units can be mounted on all makes of conveyors and compression case sealers
- Cases should be spaced 1 O" apart to allow for positive reset to initial position of arm and print wheel.

Perma-Grip® Interchangeable Rubber Type

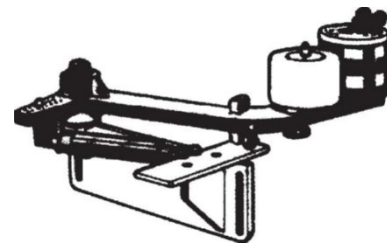

Perma-Grip® is a remarkable rubber type that permits you to interchange letters and numbers of different sizes and styles from 1 /16" up. Perma-Grip® type always aligns perfectly and automatically. All logotypes, e.g., designs, emblems, trademarks, are made to order. Perma-Grip® logotypes remain firmly in place and produce clean, sharp impressions.

Inca-Roi® Pre-inked Disposable Rollers

- Trouble free, pre-inked disposable roller
- Even distribution of ink over as many as 30,000 impressions
- Clear and sharp - no more smears or dripping
- Color changes can be made in seconds

SRR® Resaturable Rubber Rollers

- Neoprene sponge roller
- Can be used over and over again
- Suitable for most porous and non-porous type inks
- Clear, sharp print

Overall Length: 15" (381.00 mm)
Overall Height: 10 3/4" (273.05 mm)
Depth: 7 3/4" (196.85 mm)
Weight: 11 lbs. (5kg)

Series	Print Wheel Height	Max. Lines & Size of Type
70-22	7/8" (22.23 mm)	Variable
70-23	21/8" (53.98 mm)	Variable
70-24	3 7/8" (98.43 mm)	Variable
