

TAMP- APPLY LABEL APPLICATOR

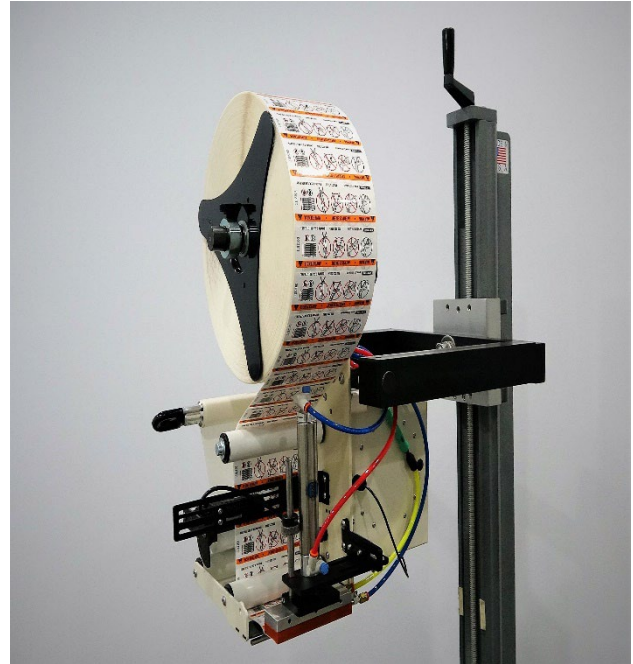

SERIES
7000-TA-4
DATA SHEET

Providing Economical Solutions in Tamp Labeling Systems

The Model “TA-4” Tamp Label Applicator from Dalemark Industries is a dependable and affordable medium duty Tamp Applicator.

Drawing on 60+ years of experience in design and manufacturing, the “TA-4” will provide a trouble free Tamp Labeling System. Standard features such as photocell label sensor, solid state electronics and simple operating controls make the “TA-4” the perfect choice for integration into many applications. Its compact size allows it to be placed in locations where many other units just would not fit.

When space is tight and ease of operation is a requirement not an option, the “TA-4” can be your Labeling Solution.
