

METAL STEEL TYPE

Metal Replacement Steel Stamp Dies and Package Date Coding Type for Every OEM Packaging Machine

Dalemark Industries, Inc. provides brass and steel Type and Dies for coding, imprinting, labeling and debossing. We supply replacement Metal Coding Type for all of the popular OEM equipment including Norwood®, Markem®, Jones®, Open Date®, Norden® and many others. Our replacement packaging type and steel stamp dies are commonly used in cartoners, sealers, tube fillers, labelers, wrappers, thermoform and imprinters for hot or cold marking of labels, tags, packages, cartons, tubes, boxes, plastic and/or metal surfaces.

Custom Packaging Type

Dalemark can supply custom type, logos, and steel stamp dies with any style typeface or font (including OCR), foreign languages, or any other custom symbol or logo. The following are some typical Type Body Styles we currently supply....

Note: We supply dies and type for all the listed machines but in no way indicate manufacturer's endorsement.
